1. Exhibitor Eligibility / Booth Details

1-1. Exhibitor eligibility
Corporations and organizations involved with products or related businesses included in the following list are eligible to participate in CEATEC JAPAN (hereinafter may be referred to as the Exhibition):

- IT & electronics equipment related
- Electronic parts, devices, materials, raw-materials, and apparatus related
- Broadcasting and information/communications related
- Software and contents related
- Automotive, mobility related
- Public infrastructure related
- Healthcare related
- Energy related
- Financial related
- Agricultural and forestry related
- Machinery manufacturing related
- Construction and developers
- Trading related
- Distribution and logistics related
- Apparel related
- Sporting related
- Tourism related
- Service related
- Newspapers, magazines and other publishing, media companies
- Educational and research institutes, other-related companies
- Government organization, administrative corporations, public interest corporations, nonprofit public and industry organizations, public service-related companies
- Members of the three sponsors (JEITA, CIAJ, and CSAJ) are also eligible to participate.
- Other companies approved by the Organizing Committee (refer to section 9-3 Organizing Committee)

(1) Advertising companies and other related agencies are not allowed to represent any company that exhibits products even if said products are included in the aforementioned list of eligible businesses or products.

(2) The CEATEC JAPAN Organizing Committee (see section 9-3: Organizing Committee) reserves the right to refuse applications from companies that have violated regulations at a previous show or whose activities may be considered detrimental to visitors and/or other exhibitors regardless of in prior to or after holding an exhibitor contract. In such case, paid booth fees will be refunded. (see section 5-3: Exhibit application and contract agreement)

1-2. Exhibit area
- CEATEC JAPAN is composed of the following areas.
  - COMMUNITY AREA
  - HOME & LIFESTYLE AREA
  - DEVICES & SOFTWARE AREA
  - THEMED AREA (Special ‘Themed Area’ is treated separate in terms of application from conventional exhibition areas such as Special Exhibits and Venture & University Area.)

- Exhibitor may exhibit in a desired area, or in multiple areas. Application/Contract Form is required for each area if exhibiting in multiple areas.
- An area may be divided into zones at CEATEC JAPAN at a later date, based on the categories to be exhibited listed in the Exhibition Application/Contract Form. Details on zoning will be announced after the Organizing Committee makes a decision.
2. Booth Fees, Standards, Specifications, and Description

2-1. Standard Booth

(1) Booth Fee
The fees per Standard Booth space are as follows:

| General corporate exhibitors (standard rate) | ¥388,800 (including consumption tax) |
| JEITA, CIAJ, and CSAJ members (member rate) | ¥356,400 (including consumption tax) |

(2) Specifications for 1 to 18 booth spaces (1- to 4-row booths) with Standard Booth

1. Dimensions
   - External dimensions*: 3.0 m(W) x 3.0 m(D) = 9m²
   - *Center-to-center dimensions with wall paneling are 2,970 mm(W) x 2,970 mm(D)

2. Specifications
   - For row booth exhibitors, system panels will be installed as back panels on the sides neighboring booths of other exhibitors. However, aisle-side system panels for corner booths and system panels for independent booths will not be installed.

3. 20 or more booth spaces (Block booths)
   - The standard for block booths is: 1 booth space = 9m². The floor will be marked in an area equal to (W:D) 2:1 or 1:1 based on the total floor space reserved (9m² x no. of booth spaces). The actual dimensions will be provided to exhibitors at booth allocation lot drawing. Please be sure to take into account when constructing the block space to make it clear to visitors where the aisles and boundaries are, by installing carpets and the like. Group pavilions composed of 20 or more booths in 1-row or 2-row will apply booth specifications for 3-row/4-row booths.

4. Booth height limitations
   - Standard booth height is 2.7m; however, there are height limitations to booth walls as depicted below.
   - 1. 1-row booths (booths 1, 2, 3, 4, 5, 6)
     - The allowable height of booth walls set back 1.0 m from the aisles and/or foundation panels will be 3.6 m.
   - 2. 2-row booths (booths 4, 6, 8, 10, 12)
     - The allowable height of booth walls set back 1.0 m from the aisles and/or foundation panels will be 3.6 m.
   - 3. 3-row/4-row booths (booths 9, 12, 15, 16, 18)
     - In the case of booths with 3 rows or 4 rows, the allowable height of booth walls set back 1.0 m from the aisles and/or foundation panels will be 6.0 m.
     - Note: Group pavilions composed of 20 or more booth spaces in 1-row or 2-row will apply booth height requirements that are the same as those for 3-row or 4-row booths.
   - 4. 20 or more booth spaces
     - The height limit is 6 m. Suspended structures less than 6.0 m high is permitted for block booths.
     - The building frame of the venue must be checked for the installation points for suspended structures.

2-2. Small Package Booth

(1) Booth Fee*

| One booth | ¥183,600 (including consumption tax) |
| Two booths | ¥367,200 (including consumption tax) |

*Includes a package of facilities.

(2) Specifications

1. Booth specifications
   - External dimensions: 2.0m(W) x 2.0(D) = 4.0 m²

2. Supplied facilities
   - *Foundation panel
   - *Display counter (975mm high with storage space)
   - *Fascia (300mm width)
   - *Cutting sheet lettering for company name display
   - *Fluorescent light
   - *Electricity socket (single-phase 100V, up to 1kw output capacity)
   - *Electric consumption fee (Exhibitor can use up to 1kW of power at free of charge)

Note: This area can be used as exhibit space.

*Includes a package of facilities.

*Small package booth exhibitors may apply for up to two booths.
2-3. Venture & University Booth (Limited to Venture & University Area)

(2) Exhibitors Eligible to Participate
- Global start-up companies
- Domestic venture businesses established less than fifteen years ago
- Venture companies with a Japanese-national CEO
- Overseas venture companies planning to enter into the Japanese market
- Overseas venture companies with Japanese corporate investment
- Worldwide universities, academic institutions, and laboratories

(3) Specifications

1. Booth specifications
   - External dimensions: 2.0m (W) × 2.0 (D) = 4.0 m²

2. Supplied facilities
   - Foundation panel, Display counter (975mm high with storage space)
   - Fascia for displaying company name (300mm wide)
   - Fluorescent light
   - Electric power rate (free of charge up to 1kW)
   - Electric power rate (free of charge up to 1kW)
   - Electricity socket (single-phase 100V, up to 1kW capacitance)

2-4. Booth description

At CEATEC JAPAN, booths are categorized in three types: a Standard Booth, a Small Package Booth, and Venture & University Booth. Regardless of type, all fees for booths will be referred to as the exhibit booth fee on the invoice statement.

3. Number of Booth and Booth Type

<table>

</tr>
<tr>
<td>Small Package Booth</td>
<td>1-row</td>
<td>1, 2</td>
</tr>
</tbody>
</table>

(1) Exhibitors in rows may have booths of other exhibitors on one or three sides.
(2) Shared exhibit and/or industry organizational exhibits may apply for more than 100 booths.
(3) After the deadline for applications, the Organizing Committee will determine the layout of the show site. If the total space applied for exceeds the capacity of the site, the Organizing Committee reserves the right to determine an impartial method to reduce the number of booths applied for by exhibitors. The kind understanding of exhibitors on this matter is greatly appreciated.

4. Selection of Booth Position

(1) Selection of booth position

Exhibitors can select booth positions from specified locations on a floor plan for booth selection, which is decided by the Organizing Committee. ‘Floor plan for booth selection’ will be sent to exhibitors from the Management Office starting the end of June (planned). Exhibitors will be able to choose their booth location at Session for Selecting Booth Position, which will be held in July. Selections will be made in the order of exhibitor application reception.

*Precautions for deciding booth positions
- Zoning will be carried out based on the state of exhibitor applications. Zones will be determined by the Organizing Committee.
- The location of block booths may be decided first on a first-come-first-served basis before conducting Session for Selecting Booth Position, to secure visitor flow line and emergency evacuation flow line, as well as to ensure safety in transporting goods in and out of the venue.
- The booth allocation diagram might be altered even after booth positions have been decided. In this case, booths might be repositioned.
- Since exhibition applications are accepted by a first-come-first-served basis, the date and time of applications received by email or fax will be checked and managed in a fair manner; however if we receive two submissions at the exact same time, the Management Office will decide between the two exhibitors by considering exhibitor’s past results (the number of times participated and exhibit scale) and the status (whether the exhibitor is a member of one of the sponsor organizations).

(2) Spare booth spaces

If booth spaces remain available on Tuesday, May 31st the remaining spaces will be placed on the floor as spare booths. Exhibitors submitting applications after Wednesday, June 1st must select booths from the spare booths specified on the booth allocation diagram after booth positions have been confirmed for exhibitors who applied before the cutoff date. Spare booths will be allocated on a first-come-first-served basis.

(3) Fixed booth spaces

The Organizing Committee has determined the following booth spaces to be fixed:
1. Booths for Japan-related associations
2. Booths for overseas cooperative organizations

(4) Utility booths will be setup in spare open spaces after the booth lot drawing is completed. However, exhibitors should be aware that further changes in booth allocation may occur due to exhibitor cancellations, reduction in booth spaces, etc.

(5) The Organizing Committee may specify the location of booth entrances for exhibitors applying for block booths in consideration of overall visitor flow.

(6) Changes to requested exhibition areas will not be accepted after the exhibition application deadline, which is Wed., May 31, 2017.
5. Exhibit Applications and Contract Details

5-1. Expenses included in the booth fee

(1) Badges

<table>
<thead>
<tr>
<th>Badge Type</th>
<th>Number per Booth Space</th>
</tr>
</thead>
<tbody>
<tr>
<td>Exhibitor badge</td>
<td>15</td>
</tr>
<tr>
<td>Worker badge</td>
<td>5</td>
</tr>
</tbody>
</table>

(3) VIP/Customer Invitation Ticket (Comes with envelope for direct-mail use)

 Maximum number of invitation tickets will be 50 per exhibitor (booth).

Details on VIP/customer invitation service will be announced in the Exhibitor Manual, which will be distributed at a later date.

(4) Official Website

 Exhibitor Introduction space (Japanese and English):

Access ID/password will be issued exclusively for automatic insertion/update by the exhibitor.

5-2. Expenses other than booth fee

(1) The following items and booth decorations other than base panels are not included in the booth fee:

<table>
<thead>
<tr>
<th>Expense</th>
<th>Cost Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>Primary power source construction cost + Electric consumption fee</td>
<td>¥10,800/kW (including consumption tax)</td>
</tr>
<tr>
<td>Overtime working hours fee</td>
<td>¥10,800/hour (including consumption tax)</td>
</tr>
<tr>
<td>Extra exhibitor badges (for those exceeding 15 per booth)</td>
<td>¥1,500/badge (including consumption tax)</td>
</tr>
<tr>
<td>Extra worker badges (for those exceeding 5 per booth)</td>
<td>¥500/badge (including consumption tax)</td>
</tr>
<tr>
<td>Extra invitation (In excess of the number of aforementioned free invitations)</td>
<td>¥324/invitation (including consumption tax)</td>
</tr>
<tr>
<td>Envelope (Material: OPP film/Size: W 120 mm x L 235 mm &lt;W 4.72 in x 9.25 in&gt;; for sending customer invitation tickets)</td>
<td>¥22/envelope (including consumption tax)</td>
</tr>
</tbody>
</table>

(2) Utility booth (Separate application required)

<table>
<thead>
<tr>
<th>Utility Booth</th>
<th>Cost Details</th>
</tr>
</thead>
<tbody>
<tr>
<td>When using the space internally, for storage and break room, etc.</td>
<td>¥216,000/booth (including consumption tax)</td>
</tr>
</tbody>
</table>

Owing to space limitations, there may be a maximum availability per exhibitor (or per area if an exhibitor is exhibiting in multiple areas).

Apply for the utility booth supplied in the Exhibition Guide, which will be distributed at a later date.

1. Specifications 2,970 mm (W) x 2,970 mm (D) x 2,700 mm (H)
2. Fixtures per utility booth System panel walls, a door with lock, two fluorescent lights, one electrical outlet with 800w output
3. Locations Utility booths will be located in the exhibition hall area near the booth, as determined by the Organizing Committee. Because exhibition space is limited, some utility booths may have to be located outside of the exhibition halls.

(3) Other

Additional charges arise for rental fixtures such as lighting and carpets, as well as usage of gas and water. Also, additional fees may arise owing to the regulations relating to booth design, or exhibitors requests. Details will be announced in the Exhibition Guide, which will be distributed at a later date.

5-3. Exhibit application and contract agreement

To apply for exhibition space, fill in the information required on the Exhibition Application / Contract Form, and submit the form to Japan Electronics Show Association, which is the CEATEC JAPAN Management Office (hereinafter may be referred to as JESA or the Association).

The Association will confirm its receipt by e-mail.

The receipt date stated in this confirmation e-mail is regarded as a contract date, and exhibitors are liable for the participation fee.

(1) Send applications to

CEATEC JAPAN Management Office (Japan Electronics Show Association [JESA])
5F Ote Center Bldg., 1-1-3 Otemachi, Chiyoda-ku, Tokyo 100-0004 TEL: +81-3-6212-5233 FAX: +81-3-6212-5226 E-mail: contact2017@ceatec.com

(2) Start of acceptance of applications

Tuesday, February 21, 2017 10:00a.m. (JST)

NOTE: Application will not be accepted before the stated date/time.

(3) Application deadline

Application deadline: Wednesday, May 31, 2017

Applications will be accepted until all available booth spaces are taken after June 1, 2017.

Note: Please understand that the deadline may be earlier than above dates if the number of applications reaches its maximum.
(4) Submitting a company profile

First-time exhibitors to the show are required to provide a company profile and catalog(s) of product(s) planned to be exhibited upon submission of the exhibit application/contract.

And, if there are major changes made to the corporate profile or catalog(s) of product(s) planned to be exhibited after the company has submitted these documents, an updated profile and/or catalog(s) must again be submitted.

Applications without these documents will be put on hold until the Association confirms the receipt of these items.

(5) Joint exhibitors with two or more

Joint exhibitors should elect one "representative exhibitor" to handle payment of the booth spaces for all participating exhibitors. The Association Office will send a joint exhibit registration form to the representative exhibitor, who should fill it in and submit it to the Association.

(6) Refusal of application

Applications from any persons involved in bankruptcy, composition, receivership, civil rehabilitation, or corporate reorganization proceedings, or persons who are suspended from current account transactions from financial institutions will not be accepted. Similarly, applications from any persons deemed by the Association to be involved in similar circumstances will not be accepted. If an exhibitor company is found to fall into one of the categories described above after the contract has been concluded, the contract will be voided and that company will not be permitted to exhibit.

In such a case, participation fees paid by exhibitors will be refunded. If deemed necessary by the Association, an investigation or inquiry into the surrounding circumstances will be conducted.

5-4. Payment of booth fees

Booth space payments are to be paid via electronic bank transfer according to the schedule below. The Association will issue an invoice and designate the bank account for remittance at this time.

Checks and promissory notes are not acceptable as payment. Transfer fees are to be borne by the exhibitor.

<table>
<thead>
<tr>
<th>Booth fee payment deadline</th>
<th>July 31 (Monday)</th>
</tr>
</thead>
<tbody>
<tr>
<td>After June 1, 2017</td>
<td>100% of booth fee</td>
</tr>
</tbody>
</table>

Cancellations or any other changes must be notified by sending a letter via post, fax, or e-mail and will become valid on the day that the notification is delivered to the Association.

6. Important Exhibit Details and Prohibitions

6-1. Exhibiting of products from outside of Japan (including fixtures)

The Association will apply for a bonded exhibition area in respect of the entire exhibition hall.

If each application is granted, it will allow exhibitors to display foreign products (i.e. goods produced or manufactured outside Japan which have not yet undergone customs clearance) without customs clearance.

Note: Submission of application is required for these items. Details will be made available on the Exhibition Manual.

6-2. Protection of exhibited items for which application for industrial property rights has not been filed

Part of the Patent Law has been revised and the application items of regulations concerning exception to lack of novelty of invention have been reviewed.

Due to this revised law, the designated system of exhibitions will be abolished from 1st April, 2012, and disclosure type for industrial property rights has not been filed outside Japan which have not yet undergone customs clearance.

If such application is granted, it will allow exhibitors to display foreign products (i.e. goods produced or manufactured outside Japan which have not yet undergone customs clearance) without customs clearance. CEATEC JAPAN sponsors, the Organizing Committee, and/or the Association shall bear no responsibility whatsoever in such circumstances.

6-3. Prohibited activities

The following activities are considered as prohibited:

(1) Exhibit space transfer

Subletting, selling, transferring, or exchanging exhibit space, either in whole or in part, to any third party, including other exhibitors.

(2) Directing visitors to other venues

Directing CEATEC JAPAN visitors to prohibited simultaneous product or technology exhibits off-site is prohibited.

(3) Engaging in sales activities

Selling products other than publications and software on-site during the show is prohibited. Exhibitors who wish to sell publications or software are required to submit details and seek approval from the Association when applying for the exhibition.

(4) Inappropriate behavior

Aggressively attempting to attract visitors to view demonstrations while standing outside of booths or in aisles is prohibited. Persistent sales approaches and/or techniques considered to be excessive are also prohibited.

(5) Exhibiting for the purpose of obtaining personal information

It is prohibited to use booths for the primary purpose of collecting personal information on visitors, rather than to display or conduct PR of products and services. Furthermore, all exhibitors are requested to abide by the stipulations in Japan's personal information protection legislation. Details on the collection and handling of personal information will be available in the Exhibition Manual.

6-4. Responsibilities of exhibitors

(1) Prompt fee payment

Exhibitors must pay all exhibition fees and expenses invoiced by The Association and bear responsibility until all payments are complete.

(2) Obeying the law

Exhibitors must abide strictly by the laws and regulations of Japan.

(3) Liability for damage, management of exhibited items, and insurance

1. The sponsors (CEATEC JAPAN Executive Board comprised of JETPA, CIAJ, and CSAJ), the Organizing Committee and the Association will make every effort to secure the safety of exhibits during the show period, for example, by implementing security guard patrols.

However, CEATEC JAPAN sponsors, the Organizing Committee, and/or the Association cannot assume responsibility for damages from natural disaster, fire, theft, loss of property or other occurrences beyond its control and recommends that exhibitors take steps of their own.

2. Exhibitors shall be liable for any fatalities or injuries occurring to visitors, other exhibitors or third parties as well as damage to items at the exhibition site. CEATEC JAPAN sponsors, the Organizing Committee, and/or the Association shall bear no responsibility whatsoever in such circumstances.

3. A booth manager, whose responsibility is to supervise all activities that take place in the exhibitor's booth, must be confirmed with the Association prior to the start of the exhibition.

4. Exhibitors are recommended to provide for adequate insurance coverage during the exhibition.

5. The Association will make every effort to provide effective management, enhanced safety, and maintenance of order at the venue as well as ensure the safety of exhibition visitors. Any act by an exhibitor(s) that is considered detrimental to the aforementioned may lead to the termination of that exhibitor's demonstration.

Exhibitors shall be liable for any accidents that may occur during exhibitor demonstrations, and CEATEC JAPAN Sponsors and/or the Executive Committees and/or Association shall bear no responsibility whatsoever in such circumstances.

(4) Complying with the exhibition schedule

Prior, during and after the exhibition, all exhibitors are requested to comply with the exhibition schedule specified by the organizer. Construction activities to the booth, delivery and/or wrap-up activities during the exhibition are prohibited.

6-5. Termination or shortening of exhibition duration due to force majeure

(1) If the exhibition is canceled because of an event of force majeure, such as an earthquake, typhoon, fire, disease, terrorist act or order from the public authorities, the organizers reserve the right to shorten the duration of the exhibition or the hours that the exhibition is open to the public, either before or during the exhibition. If the exhibition sponsors deem such action necessary, this information will be promptly published on the official Website and exhibitors will be notified. Neither the exhibition organizers nor the Association shall assume any liability for losses incurred by exhibitors in such a case.

(2) If a force majeure which has occurred prior to the opening of CEATEC JAPAN forces the exhibition to be cancelled, the Association will refund participation fees paid by exhibitors in full, minus charges for expenses incurred.

(3) However, if the duration of the exhibition is shortened by a force majeure after CEATEC JAPAN is commenced, the Association shall not be held liable to refund either full or partial exhibition expenses.

(4) The Association assumes no responsibility for other expenses already incurred by exhibitors.

6-6. News gathering and filming

Staff members appointed by the Association and/or the Organizing Committee will be authorized to gather news and/or conduct interviews as well as engage in filming and/or photography.

Exhibitors are requested to cooperate with such news gathering and filming activities and also agree that any exhibited items, or any image, photograph, information, etc., obtained during the exhibition will be used by the Organizing Committee or an organization authorized by the Association for the purpose of publicizing and/or promoting CEATEC JAPAN.

6-7. Dealing with disputes between exhibitors

Any disputes between exhibitors concerning exhibits, publicity materials related to exhibits, intellectual property or the use of booths shall be resolved between the parties concerned. The exhibition sponsors shall bear no responsibility whatsoever in such instances.
7. Booth Setup

7-1. Booth design

Product exhibits, demonstrations, etc., must be conducted within the exhibitor’s booth. If for some reason the following rules are not complied, the exhibitor will be demanded for improvement from the Organizing Committee and/or the Association; any further noncompliance may result in termination of the exhibitor’s booth.

(1) Safety Measures

1. To prevent booms falling, strike four or more anchor bolts in one place when securing them to the floor.

2. When installing exhibition panels (DCTANDIRM), take measures to prevent them falling by reinforcing the panels, reinforcing the booms in the corner sections, and installing weights.

3. Take measures to prevent independent fixtures falling by securing them to the wall or floor surface.

4. When installing video monitors, speakers, channel characters, lighting fixtures, and other ornaments.

(2) Maintaining visitor flow lines of adjacent exhibitors

When designing booth design, be sure to keep 1/3 of (one-third) of the side adjacent to the aisle open to allow for an evacuation route.

(3) Installing stage and rides equipment

When setting up video equipment or a stage for a production presentation or similar demonstration in a booth, please ensure that there is plenty of room for visitors, so that they do not block the aisles. Furthermore, depending on the height of the stage and the video equipment to be installed, please take sufficient care of the visitors viewing angle and the audience’s viewing distance. The organizer will check the booths and if any discrepancies are noted, may ask for modifications to be made.

(4) Speaker setup position restrictions

The positioning of speakers and other audio equipment towards adjacent booths is not permitted. Also, when setting up speakers on a wall or stand, the center axis should be facing downward, within 45° from the floor to the center axis of the speaker, and the center axis shall not extend out of the booth space.

(5) Prohibition of using space other than within the booth

1. Visitors must not be allowed to block aisles around the booth. When setting up a stage or similar demonstration, ensure that there is plenty of room for visitors, so that they do not block the aisles. Furthermore, depending on the height of the stage and the video equipment to be installed, please take sufficient care of the visitors viewing angle and the audience’s viewing distance. The organizer will check the booths and if any discrepancies are noted, may ask for modifications to be made.

(6) Use of the 2nd floor structure

The 2nd floor structure can be used as a product exhibition area, a business meeting room, a waiting room, an operations room, etc. This structure must also be set back at least 1 meter from the border of the aisle and booth. Demonstrations from the 2nd floor to visitors on the 1st floor are prohibited.

(7) Design

When designing the 2nd floor structure, calculate the load of the 2nd floor (including an estimate of maximum load capacity for the 2nd floor) and ensure that the ceiling exceeds 2.15 m^2. The ceiling must be made of a fireproof blacked-out curtain, which is the only material permitted under local fire regulations.

(8) Fire prevention and evacuation installations, etc.

The following fire prevention measures must be taken for a two-story structure.

1. Automatic smoke alarms and fire extinguishing equipment are mandatory for a two-story structure. Fire extinguishers (type 10 or larger) must be installed on the 1st floor.

2. Before installing a fire alarm or smoke alarm, notification of its placement and operation test results must be submitted to JSEA. Smoke alarms for domestic use are not acceptable.

3. There must be at least one fire alarm per 100 m^2 or 150 m^2, or 1 meter from the ceiling of the floor. If a 60 cm or longer wall is hung down from the ceiling, at least one fire alarm (smoke alarm) must be set in each enclosed area.

4. In case of a booth with an area more than 2500 m^2, the fire alarm (smoke alarms) must be connected directly to the control office of Makuhari Messe. Other fire safety equipment may be required to be installed. We recommend contacting the control office of your earliest convenience, as other fire safety equipment may be required for installation.

5. Plywood, fibreglass materials, carpets, curtains, tablecloths, coverings, and banners for the exhibit must all have fireproof labeling. Usage without labeling is strictly prohibited.

6. For the 2nd floor with an area of 100 m^2 or more, a certified fire prevention officer must be stationed on site.

7-3. Two-floor construction

A two-floor construction is defined as a layout with structure and floor line for the traffic of people on the upper floor with an overall height exceeding 2 meters from the surface floor. However, even when the booth structure height does not reach 2.1 meters, the structure is considered to be a two-floor construction if the base floor is used as an aisle, product exhibition, waiting room, etc.

Please note that approval from the local fire department is required for the construction of a two-floor structure. Each positioning of a two-floor booth structure is required to submit an application form sent with the Exhibit Manual together with a construction plan. Observe the following guidelines for the design and construction of a two-floor structure.

(1) Booth requirements for construction

Exhibitors using more than a block booth (20 or more booth spaces) are allowed to use the suspension configuration.

(2) Space restrictions

Exhibitors using more than a block booth (20 or more booth spaces) are allowed to use the suspension configuration.

(3) Structural restrictions

All the decorating materials must be fire-resistant processed and attached the fire-resistant indications.

(4) Use of the 2nd floor structure

The 2nd floor structure can be used as a product exhibition area, a business meeting room, a waiting room, an operations room, etc. This structure must also be set back at least 1 meter from the border of the aisle and booth. Demonstrations from the 2nd floor to visitors on the 1st floor are prohibited.

(5) Design

When designing the 2nd floor structure, calculate the load of the 2nd floor (including an estimate of maximum load capacity for the 2nd floor) and ensure that the ceiling exceeds 2.15 m^2. The ceiling must be made of a fireproof blacked-out curtain, which is the only material permitted under local fire regulations.

(6) Fire prevention and evacuation installations, etc.

The following fire prevention measures must be taken for a two-story structure.

1. Automatic smoke alarms and fire extinguishing equipment are mandatory for a two-story structure. Fire extinguishers (type 10 or larger) must be installed on the 1st floor.

2. Before installing a fire alarm or smoke alarm, notification of its placement and operation test results must be submitted to JSEA. Smoke alarms for domestic use are not acceptable.

3. There must be at least one fire alarm per 100 m^2 or 150 m^2, or 1 meter from the ceiling of the floor. If a 60 cm or longer wall is hung down from the ceiling, at least one fire alarm (smoke alarm) must be set in each enclosed area.

4. In case of a booth with an area more than 2500 m^2, the fire alarm (smoke alarms) must be connected directly to the control office of Makuhari Messe. Other fire safety equipment may be required to be installed. We recommend contacting the control office of your earliest convenience, as other fire safety equipment may be required for installation.

5. Plywood, fibreglass materials, carpets, curtains, tablecloths, coverings, and banners for the exhibit must all have fireproof labeling. Usage without labeling is strictly prohibited.

6. For the 2nd floor with an area of 100 m^2 or more, a certified fire prevention officer must be stationed on site.

7-4. Ceiling-suspension configuration

A suspension configuration is defined as a method of exhibiting by constructing a booth that suspends fixtures via chains hanging from the ceiling. Exhibitors who like to set up suspended structures are required to submit an application form sent with the Exhibit Manual together with a statement of total weight, top and elevated view drawing.

(1) Booth requirements for usage

Exhibitors using more than a block booth (20 or more booth spaces) are allowed to use the suspension configuration.

(2) Space restrictions

Exhibitors using more than a block booth (20 or more booth spaces) are allowed to use the suspension configuration.

(3) Structural restrictions

All the decorating materials must be fire-resistant processed and attached the fire-resistant indications.

(4) Ceiling-suspension configuration

The 2nd floor structure can be used as a product exhibition area, a business meeting room, a waiting room, an operations room, etc. This structure must also be set back at least 1 meter from the border of the aisle and booth. Demonstrations from the 2nd floor to visitors on the 1st floor are prohibited.

(5) Design

When designing the 2nd floor structure, calculate the load of the 2nd floor (including an estimate of maximum load capacity for the 2nd floor) and ensure that the ceiling exceeds 2.15 m^2. The ceiling must be made of a fireproof blacked-out curtain, which is the only material permitted under local fire regulations.

(6) Fire prevention and evacuation installations, etc.

The following fire prevention measures must be taken for a two-story structure.

1. Automatic smoke alarms and fire extinguishing equipment are mandatory for a two-story structure. Fire extinguishers (type 10 or larger) must be installed on the 1st floor.

2. Before installing a fire alarm or smoke alarm, notification of its placement and operation test results must be submitted to JSEA. Smoke alarms for domestic use are not acceptable.

3. There must be at least one fire alarm per 100 m^2 or 150 m^2, or 1 meter from the ceiling of the floor. If a 60 cm or longer wall is hung down from the ceiling, at least one fire alarm (smoke alarm) must be set in each enclosed area.

4. In case of a booth with an area more than 2500 m^2, the fire alarm (smoke alarms) must be connected directly to the control office of Makuhari Messe. Other fire safety equipment may be required to be installed. We recommend contacting the control office of your earliest convenience, as other fire safety equipment may be required for installation.

5. Plywood, fibreglass materials, carpets, curtains, tablecloths, coverings, and banners for the exhibit must all have fireproof labeling. Usage without labeling is strictly prohibited.

6. For the 2nd floor with an area of 100 m^2 or more, a certified fire prevention officer must be stationed on site.
7-5. Floor construction work
Exhibitors who require floor construction work are required to submit an application form sent with the Exhibit Manual together with a floor plan. Observe the following guidelines for the Floor Construction Work.

(1) Counterfeit or imitation products are strictly prohibited.
(2) Displays should reflect real-life situations as much as possible and not in exaggerated or unrealistic manner.

8. Exhibited items and Management

8-1. Counterfeit or imitation products are strictly prohibited

(1) The display, distribution, or demonstration of counterfeit or imitation products that infringe on a third party’s intellectual property rights (e.g. patents, trademarks, design rights, copyrights, overseas rights, etc.) or any other related activity is strictly prohibited.

(2) If the Organizing Committee and/or the Association discovers counterfeit or imitation products being displayed, distributed, or demonstrated, it reserves the right to remove those products from the exhibition venue immediately with all costs incurred being the responsibility of the offending exhibitor.

(3) In addition to inspections for counterfeit or imitation products, all exhibitors shall cooperate with the Organizing Committee and/or the Association whenever any type of inspection is conducted.

8-2. Comparison displays

As a general rule, exhibitors are requested to limit product comparisons (see guidelines below) to demonstrations between products and/or technologies of their own company or group companies. Exhibitors who plan to compare their products with those of other companies should first obtain advance permission from the other company and such comparisons must not infringe upon the property rights of that company.

When the Association and/or Organizing Committee determine that the following guidelines on comparison displays have not been observed, they reserve the right to terminate the display or order that corrective measures be taken with all costs incurred by the exhibitor. If said corrective measures are determined to be insufficient, the exhibitor may be barred from future participation in CEATEC JAPAN.

(1) Comparisons using exhibits and demonstrations
(2) Comparisons using information panels and pamphlets
(3) Verbal comparisons in audio announcements
(4) Other comparisons related to products and technologies

8-3. Suitable displays

The following regulations must be strictly observed for all displays in the exhibition booths.

(1) Safety and precaution signage
All booths must have adequate safety and precaution signage positioned in clearly visible locations around the display.

(2) Displays should reflect real-life situations
Product comparisons that should be demonstrated in real-life situations as much as possible and not in an exaggerated or unrealistic manner.

8-4. Display area lighting

The brightness of the venue is between 450 and 500 lux so that all high-pressure mercury ceiling lamps are lit. There are four mercury-mercury lamps per block in the exhibition hall; however, the brightness is adjusted in consideration, lighting shall be kept within 3/4 of the total brightness for all areas.

8-5. Restrictions on audio volume

Before installing audio equipment in the booth, discuss with the surrounding exhibitors and set the volume so that they do not disturb each other. When explaining products or making demonstrations using audio equipment, try to break down the time as much as possible. Also discuss with your neighbors on adjusting the presentation microphone audio level, and the time frame of each presentation. Stop the audio immediately when there is an emergency broadcasting at the venue.

(1) Audio presentation
- Maximum of 80dB
- The peak value, which is measured by devices meeting the JIS C5509 standard, is used for assessment.
- The Association staff will periodically measure volume levels during the exhibition, however, it is required that exhibitors also measure volume levels before and during the exhibition.

8-6. Demonstration regulations

(1) Copyright procedures
- Exhibitors and demonstrations featuring musical performances, audiovisual presentations, etc., copyright procedures must be processed (not necessary for copyrights owned by your company and already processed).
- For more information concerning the necessary procedures for obtaining permission from copyright holders, contact the Japanese Society for Rights of Authors, Composers and Performers (JASRAC)

(2) Illumination/Lighting
Nothing may be directly attached, nor may lights be shone directly onto the walls, floors or ceiling of Makuhari Messe. When strong lighting equipment such as LEDs are used in displays and on signboards, they must be positioned so as not to inconvenience neighbors or neighboring booths. If any problems occur in line with lighting, The Association will request immediate countermeasures.

(3) Smoke machines
The use of smoke machines (including alcohol, oil or petroleum smoke machines, and dry ice machines) is not permitted.

8-7. Handling of hazardous items

(1) Prohibited activities

1. Smoking
2. Use of open flame (including pyrotechnic devices, exposed electro-thermal devices, etc.)
3. Use of liquefied petroleum gas or any other inflammable gas in the venue.
4. Use of flammable substances such as gasoline, kerosene, machine oil, heavy oils, etc., in the venue.
5. Use of hazardous items such as explosives, large amounts of matches or disposable lighters, etc., in the venue.

(2) Exemptions for prohibited activities

- Excluding smoking, exemptions for prohibited activities and/or the use of some of the aforementioned substances may be permitted by local fire safety authorities if it is determined that only minimal amounts of substances will be used or that the activities are necessary to enhance the exhibit. For exhibitors seeking exemptions, please fill in the required items on the “Hazardous Materials Usage Application” in the Exhibition Manual and submit the form together with two declaration copies explaining the nature of the performance or exhibit.

- The Association will submit all applications to the fire safety authorities at a single time, and only the items granted exemptions will be allowed to be used in the venue.

9. Violation of the Regulations and Discrepancies in Interpretation / Others / Organizing Committee

9-1. Violation of the regulations and discrepancies in interpretation

If an exhibitor violates these Regulations or if there is a discrepancy in interpretation or the application of these Regulations, the following measures will be taken. Please note that the interpretation of the Regulations as defined in the original Japanese language documentation will take precedence.

(1) If the Organizing Committee determines that an exhibitor has violated Regulations governing exhibitor booths and implementation of exhibitors, the Association will request that the exhibitor take the necessary corrective measures.

(2) If the same violation described above (section 1) occurs again, or a discrepancy in interpretation of these regulations occurs, the Organizing Committee will take the appropriate action and based on its final judgement, order the exhibitor in question to take the necessary corrective measures. Please note that once the Committee reaches a final ruling, the Committee will not enter into any further discussion with the exhibitor, nor be responsible for any incurred liabilities or losses.

(3) If an exhibitor has been ordered to take corrective measures described above (section 2), the exhibitor will be required to submit in writing on the same day, a description of the necessary corrective measures taken and the schedule at which they will be completed.

(4) An exhibitor has been ordered to take corrective measures described above (section 1), and fails to do so accordingly, or if the corrective measures taken are determined to be insufficient by the Organizing Committee, the following penalties may be imposed.

1. The exhibitor will be prohibited from continuing with exhibition activities from the next day.
2. If the penalty in section “1” above is ignored, the exhibitor will be barred from exhibiting at the subsequent CEATEC JAPAN exhibition.

9-2. Others

(1) Other prohibited activities and regulations that are not included in these Regulations will be detailed in the Exhibition Manual that will be distributed later.

(2) Promotional notes cannot be accepted for payment for booth fees and all other expenses.

(3) These Regulations are subject to change as deemed necessary by the show sponsor, Organizing Committee or the Association. If changes occur to the Regulations, they will be posted on the CEATEC JAPAN official Website, or brought to the attention of exhibitors by other means.

(4) Observing these Regulations is the sole responsibility of the exhibitor. The show sponsors, Organizing Committee and the Association will not accept any responsibility resulting from violations of existing laws and/or local ordinances by exhibitors.

9-3. Organizing Committee

Comprised of exhibitor representatives, the Organizing Committee’s role is to consider problem areas and reach appropriate decisions concerning the control, planning, and operation of the exhibition. The Organizing Committee is present during show preparations and during the exhibition to ensure a proper exhibition environment and solve problems should they arise. The Organizing Committee has the authority to enforce all regulations and will act accordingly should any violations occur.
