Exhibition Area

Exhibitor List >>>

General Exhibits

A diverse range of exhibits gathers here, including corporate visions and strategies, cross-business solutions, application-specific electronic components, cutting-edge technology solutions that address social challenges, and devices and technologies that open up new markets.

X(Transformation) PARK

Experience the transformation of society and industry through 8 themes, including AI, Partnerships (Co-Creation), Well-Being, Social Infrastructure, R&D / Strategy, Industrial Transformation, Entertainment, and Sustainability.

NextGeneration PARK

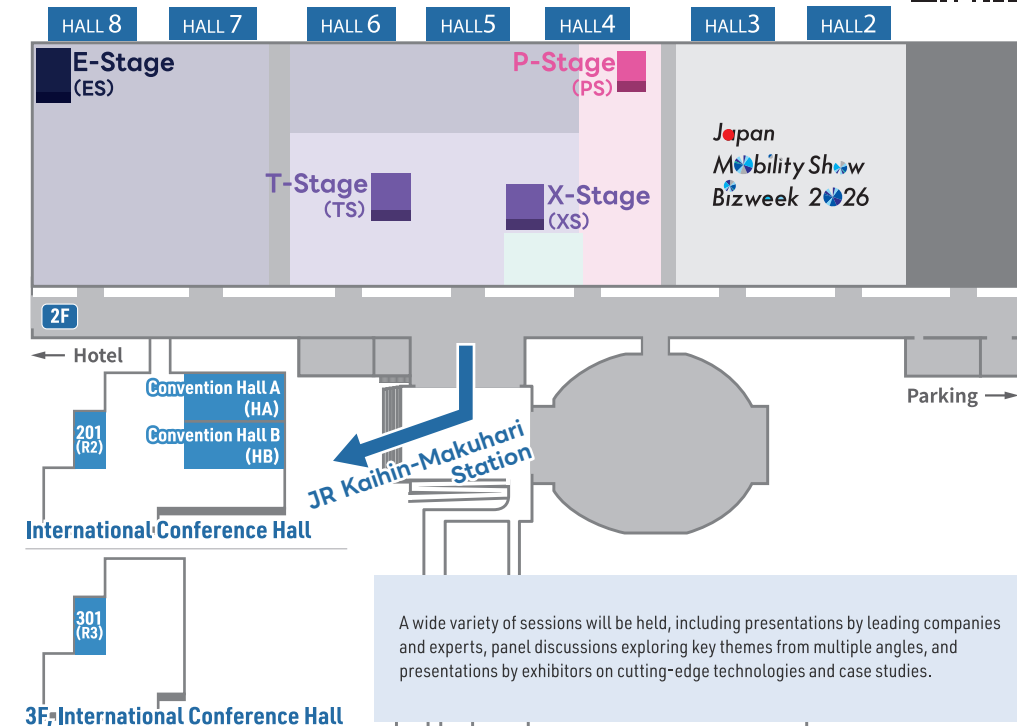

A stage where startups, universities, research institutions, and new-business divisions of companies come together, generating new solutions through next-generation ideas and talent. Visitors can directly engage with these ideas and experience the possibilities that lie beyond them.

Global PARK

Introducing global technology trends, market dynamics, and distinctive innovations. This area offers international perspectives and business opportunities not available domestically, and creates chances to connect with global partners.

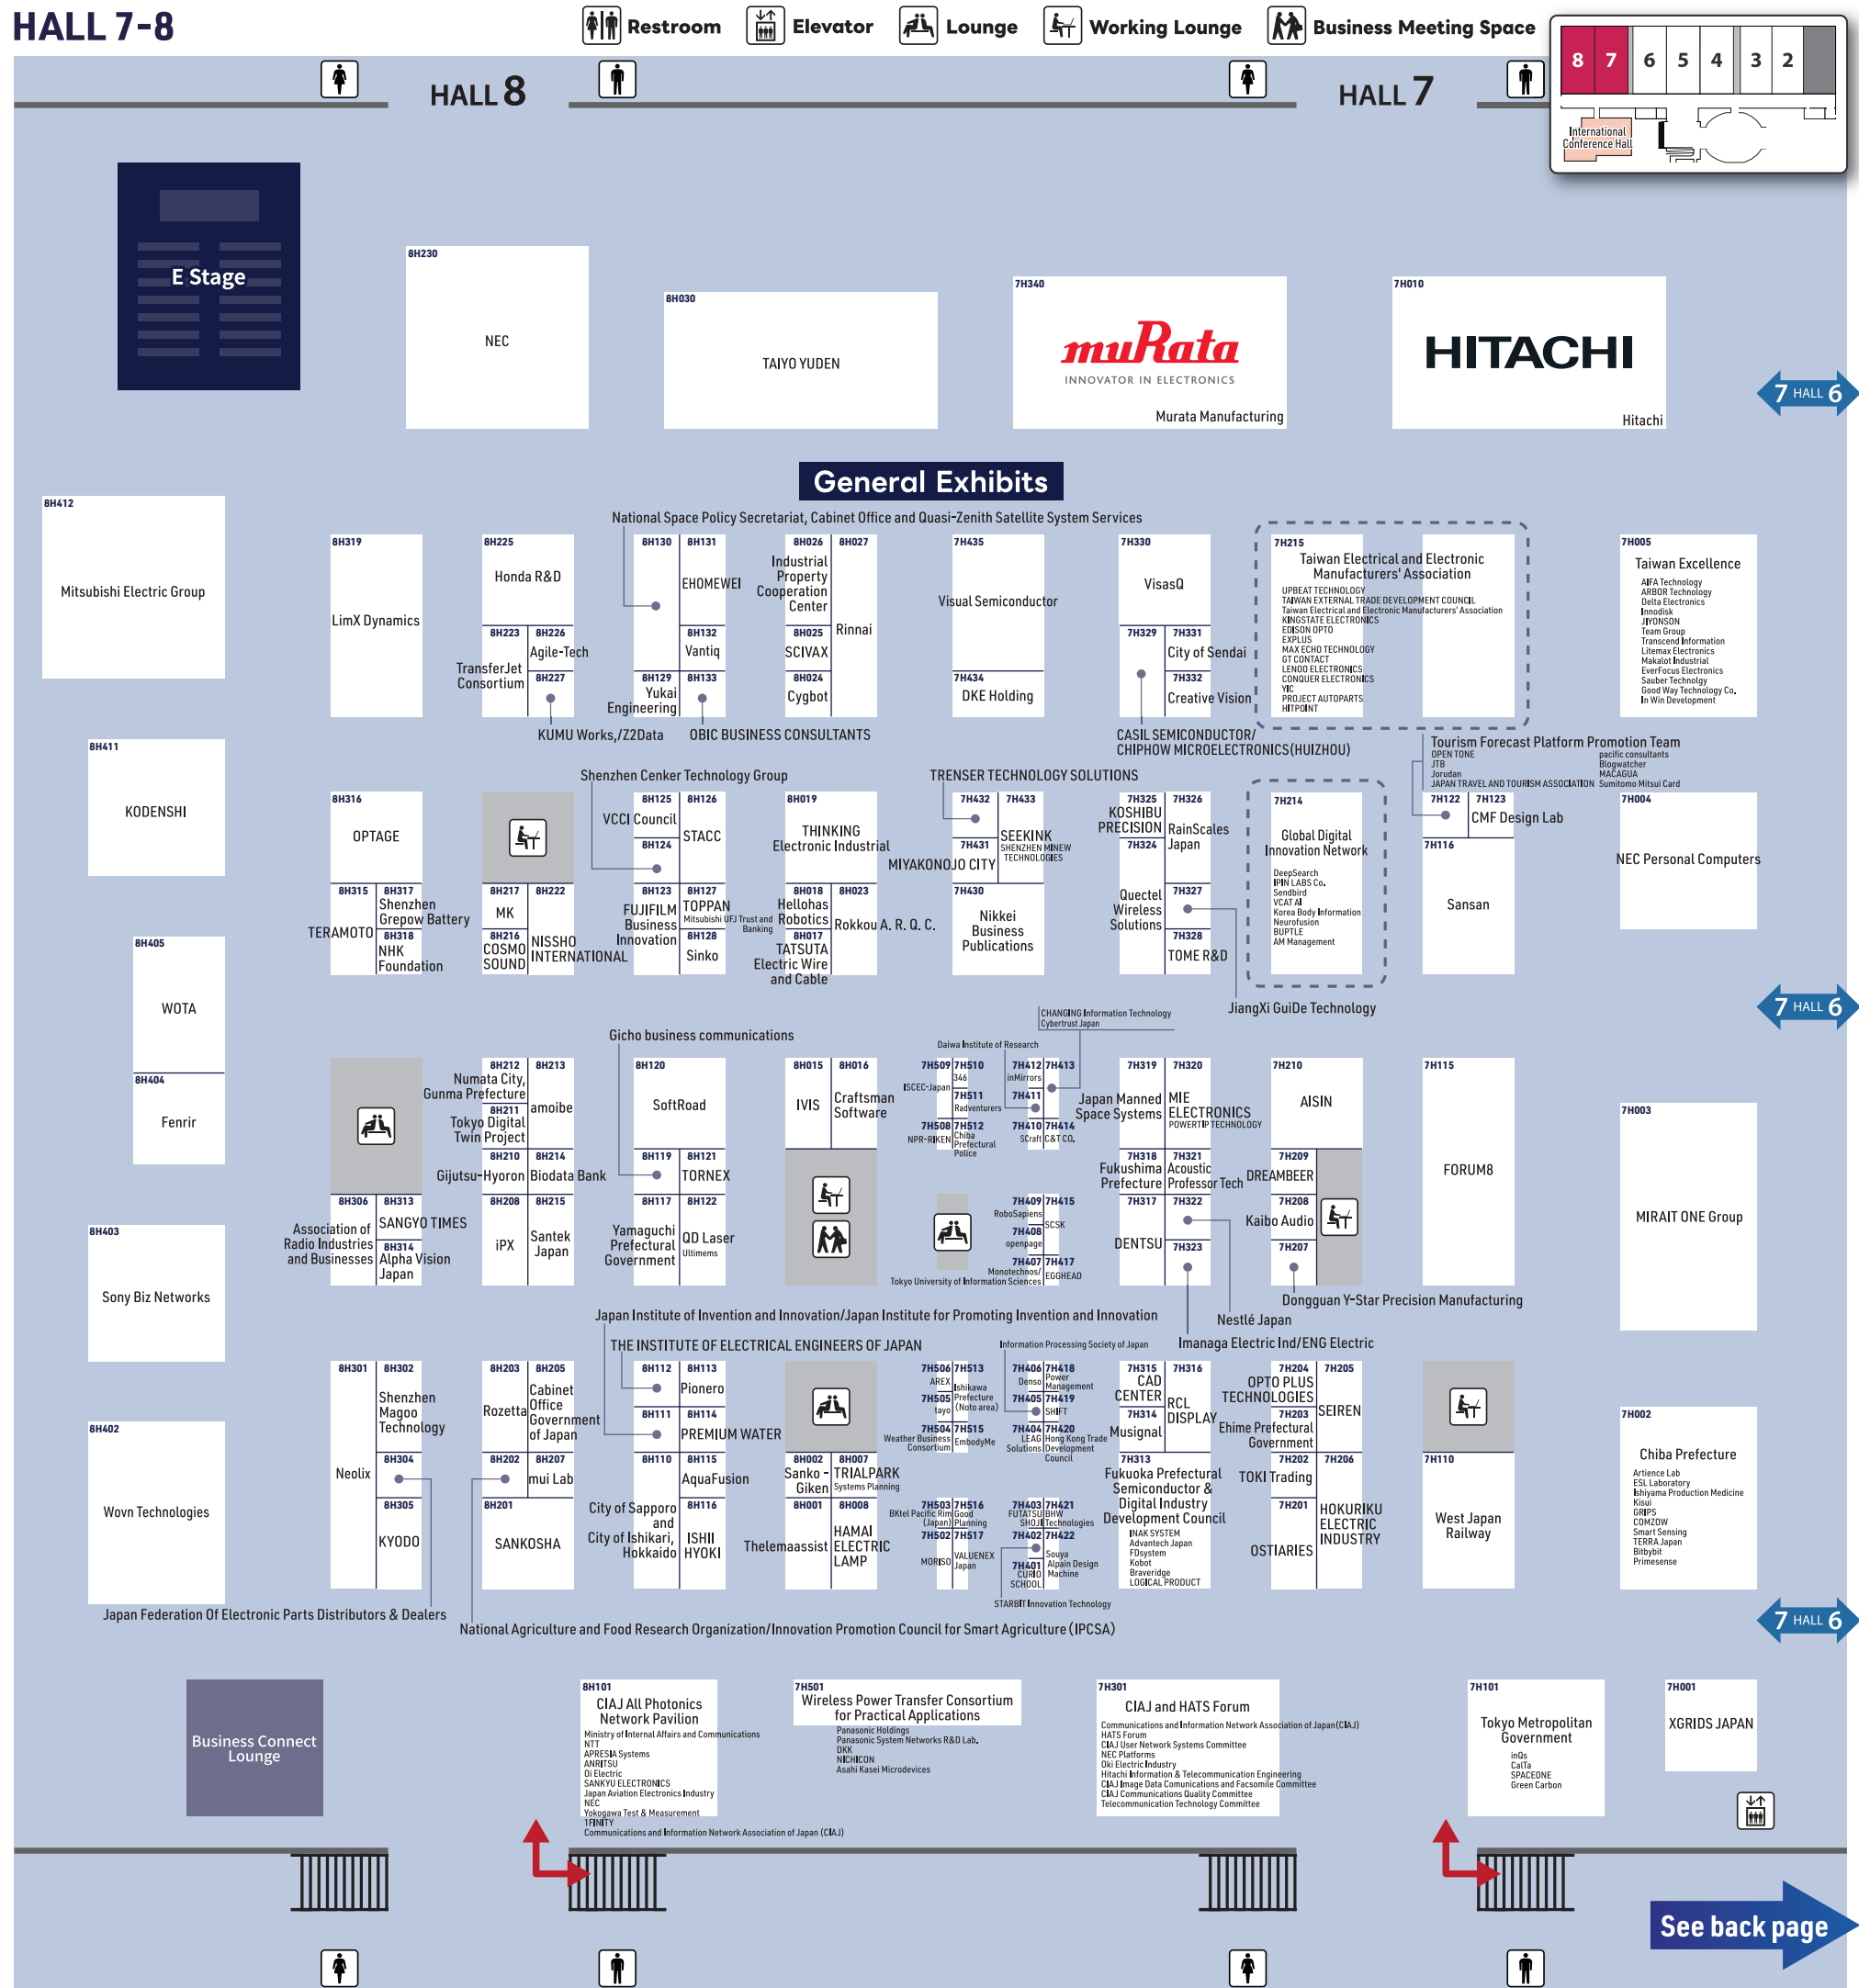

Conference

Session List >>>

A wide variety of sessions will be held, including presentations by leading companies and experts, panel discussions exploring key themes from multiple angles, and presentations by exhibitors on cutting-edge technologies and case studies.
