Press Release

Japan Electronics and Information Technology Industries Association

**Osaka-Kansai Expo Legacy Sessions
Will Be Held on the Last Day of CEATEC 2025,
Friday, October 17, 2025**

- Hirofumi Yoshimura, Governor of Osaka Prefecture will take the podium!
A panel discussion on the legacy of Osaka-Kansai Expo will be held.
- During the session on air mobility, experts from ANA HD and ORIX will be lecturing to
discuss what lies ahead for next-generation air mobility

The Japan Electronics and Information Technology Industries Association (JEITA: Kei Uruma, Representative Director and Chairperson; also President and CEO of Mitsubishi Electric Corporation), the organizer of CEATEC 2025 (Venue: Makuhari Messe) has announced that Osaka-Kansai Expo Legacy Sessions will be held on the last day of CEATEC 2025, October 17 (Fri). Reservations for the session are being accepted at the CEATEC Official Website from October 1, 2025.

The session is composed of two conferences.

First conference: This conference is on “Carrying Forward Legacy of the Osaka-Kansai Expo: Shaping a New Future”. Following a lecture by the Honorable Hirofumi Yoshimura, Governor of Osaka Prefecture, a panel discussion with a theme on legacy issues of the Osaka-Kansai Expo will be held with Governor Yoshimura and other members including Hideaki Kawai, President of Osaka Metro; and Hiroaki Miyake, Manager of Business Promotion Sector 3, Business Development Division of BIPROGY Inc.

Second conference: This conference is on “Osaka-Kansai Expo and Advance Air Mobility”. Ryo Sugiyama, head of the Mobility Innovation Team at ORIX Corporation; and Yuki Horie, Lead Director of the Advanced Air Mobility Team, Business Development/Strategic Business Relationship at ANA Holdings, Inc. will be lecturing on the topic. At the Osaka-Kansai Expo, Japan’s first vertiport (airfield for eVTOL) was setup, where spectacular demonstration flights of flying vehicles were showcased.

In this symposium, real-world insights and untold stories from the Expo will be shared, as well as exploring what lies ahead for next-generation air mobility, from flying cars to innovative aerial transport.

For details on CEATEC 2025 and the latest information, please refer to the Official Website.
